BRVES made a small gain on the Dodgers, Tuesday. The Bostonians grabbed both ends of a double bill from the Pirates while the Dodgers had only one game with the Cardinals, which, by the way, they won. The Phillies kept in the race by defeating the Cubs. It is now conceded that only three teams, the Dodgers, Braves and Phillies, have a chance at the National League pennant but picking the winner from these three is no snap. The Boston pitchers are going so good right now, however, that the Braves look pretty good.

CHICAGO baseball fans are in for an "old pitcher's day" on Monday. Arrangements have been made whereby Christy Mathewson will pitch for the Reds and Miner Brown for the Cubs in the holiday game and one of the biggest crowds of the year is expected to attend the contest.

RAIN has made the Rio Grande park diamond very heavy again and it is unlikely that the army leaguers will be able to play this afternoon. If the sun gets out in the morning it will be possible for the teams to resume their schedule on Thursday. Some of the cattlemen are tickled to death over the rain but the baseball fans call it anything but a blessing.

LEANE AND CHANEY

ARE DOWN TO WEIGHT
Cleveland, O., Aug. 30.—George Kane, who will meet Johnny Kilbane, featherweight champion at Cedar Point, tomorrow Day in a battle for the title, stepped the beam Tuesday at 123 1/2 lbs. He resumed training grind Tuesday, doing six fast rounds at his headquarters here. Kilbane, who is now down to

CIVILIAN fans who intend to take in the Camp Cotton bouts on Monday night are advised to get busy pronto and make their seat reservations. The ringside seats are limited to 300 and they are selling like the proverbial hot cakes. Evidently every officer stationed near El Paso plans to attend the bouts.

PLANS for a big southwestern baseball tournament in connection with the International Soil Products exposition are now under way. Managers of teams which may enter are advised to get in touch with Dr. T. J. McCamant or the sporting editors of the El Paso papers. Arizona, New Mexico and west Texas teams with any pretension of class are invited to enter.

BROWNS are proving real dangerous in the American league race these days. They bumped the Red Sox from second place and went into third place in the league standing, just 24 points behind the league leaders. The Tigers managed to stay in second place through a double victory over the Yankees, while the Athletics held the White Sox down, Connie Mack's men winning, 9 to 2. The first and sixth teams in the American league standing are separated today by a margin of only 50 points. Are you picking a pennant winner?

WILL the automobile come into its own as a means of long distance transportation, as a result of the threatened railroad strike? Colorado fans profess not to be at all worried about making the trip to Colorado Springs on Labor day for the White-Welsh bout. Perhaps we will see jitneys lined up at the plaza to take passengers for Bisbee, Douglas and Tucson. You never can tell.

HERB HESTER has managed to get the Great Falls team of the Northwestern league basement and is now fighting for second place. The scrappy leader has stirred up the fans in the smelter city and the one of the few clubs in the league team is getting great support and it is said that Great Falls will be to break even this season.

FRED WINSOR bumped into Jess Willard in Salt Lake City last week and the champion asked that his regards be sent to his many friends in El Paso.

DANNY MORGAN, manager of "Battling" Levinsky, is out with a statement that Levinsky has been matched for a bout with Willard in December but he doesn't say when, where or for what purse. As Levinsky weighs about 175 pounds and Willard now tips the scales around 300, we are inclined to believe that Danny has been dreaming.

SOMEHOW or other the fight fans don't seem to be over enthused on the White-Welsh fight of next Monday. The fact that Welsh is really in condition makes him a big favorite for few concede White to have a chance against the champion when the latter is in shape to set a fast pace. White has been telling just how he is going to force the fight and all but the betting is that Charlie will fight just as Freddie decides after they get going. Welsh should be master of the situation at all times.

WHEN TO KILL BIRDS OF A MIGRATORY CHARACTER

Washington, D. C., Aug. 20.—Regulations for enforcement of the new federal migratory bird law have been approved by president Wilson and now are effective. This department of agriculture, however, advises all hunters to consult state laws because the federal regulations will not be construed to permit hunting within a state which has created a closed season if that season falls within a period which the federal government posts as open. Shooting is prohibited between sunset and sunrise. Insectivorous birds are protected indefinitely, and no open season is allowed. Band-tailed pigeons, cranes, wood ducks, swans, curlews, wil-

Maxwell

\$595

F.O.B. DETROIT

Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

REMEMBER these important features, because they are not to be found on some of the lighter cars. Maxwell cars have 3 1/2 in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier.

Tires of one size mean that you have to carry only one size casing and one size tube.

Demountable rims, of course, are recognized as the best. They are on all good cars. Don't buy any car without demountable rims. If you do, you'll regret it. These two features—along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it the greatest automobile value in the world today.
